The **North Wales International Music Festival** is a classical music festival which also features genres such as jazz and folk, as well as performances combining music with other art forms. Many events feature diverse artists of international renown, others give opportunities to younger performers or are community based. With the theme of 'Horizons' we look to the future after celebrating our 50th Anniversary.

Sponsorship options include concerts, outreach projects and our community tour. Bespoke packages can be tailored to promote business requirements.

Benefits include:

- Having a positive impact on individuals and communities by supporting cultural excellence and artistic inclusivity in North Wales
- Sponsorship benefits include significant opportunities for PR/marketing and options
