

**Ruthin Craft Centre** — celebrating craft and the art of making by presenting the very best Contemporary Craft from Wales, the UK and Internationally.

The aim of this programme is to support families in rural Denbighshire communities by using craft, nature and heritage as a collaboration for mindfulness and well-being, social engagement, biodiversity and conservation awareness and ancestral connections. This will be done through a series of creative art sessions, fieldwork and events inspired by the local landscape involving makers, artists, ecologists, and archaeologists.

This sponsorship will help to provide transport for families and individuals living in rural Denbighshire, so they are able to attend these events and workshops. The sponsorship will also help to cover artist and assistant costs for a period of 6 sessions.

The project will run throughout July and August, with a possible collaborative installation of crafted works and an event held at the end of August.

**Benefits include:**

- Credit on social media, with a reach of 3,650 followers on Instagram and 1,381 followers on Facebook
- Logo credit on marketing and advertisements
- Invitation to its final event / makers talk
- Verbal mentions of the company's sponsorship

**The sponsorship package is £3,000 + VAT**
