

# TRUTH DEPARTMENT

**Truth Department** produces memorable, cinematic films for worldwide distribution on all platforms. Working with emerging Welsh talent and established international directors.

## **Lolfa Truth Department**

During the pandemic, Truth Department renovated a long-abandoned shop in Llantrisant to use as its production office. Now back in use, it plans to adapt the space to make it safe, suitable and comfortable for small arts and cultural groups to use in the evenings and on weekends. Founder Sponsors will contribute to the cost of stowable desks and furniture, screening equipment, a safety handrail to the toilet and a sound-proof shop window and door, web-based bookings, etc.

## **Benefits include:**

- Association with its Valleys-based film business with global reach
- Association with its grass-roots arts community engagement
- Acknowledgement on all Lolfa Truth Department literature and publicity
- Invitation to film premiers
- Occasional business use of the space

**Lolfa Truth Department Founder Sponsorship is available at £1-20K with a range of benefits for businesses.**
