

studioMADE is an artist-led studio, gallery and co-working space located in the historic Carriageworks in Denbigh.

Starting at the end of March, the gallery will curate and host a year - long **environmental futures programme** for the local community. It will integrate high quality speakers sharing specialist knowledge of community owned energy, as well as creative workshops and discussions. Working on a grassroots level, studioMADE is establishing a programme of activity, working with national organisations, and bringing the conversations to Denbigh. It is its mission to be as inclusive and accessible as possible.

The timescale of this opportunity is March 2023 – March 2024.
